EMBARGO: Tuesday, November 11

LeTourneau & Family Orthotics & Prosthetics, Inc. Honored with 2025 Freedom Award

Orthotic and prosthetic (O&P) providers from across the country are recognized for their exceptional care of military personnel.

(Beaumont, Texas) - LeTourneau & Family Orthotics & Prosthetics, Inc. is among several orthotics and prosthetics (O&P) providers across the nation that were recently honored with the 2025 Freedom Award.

The annual award, sponsored by Orthotic and Prosthetic Group of America (OPGA), recognizes O&P providers who deliver exceptional standards of care for military personnel needing orthotic and prosthetic devices.

“O&P professionals play a vital role not only in the lives of individual patients but also in the health and resilience of entire communities,” said Jeff Kessler, Director of OPGA. “Their work with veterans often inspires broader awareness and appreciation for the O&P profession, and the OPGA Freedom Award helps shine a light on that ripple effect of care and commitment.”

Recipients of the 2025 Freedom Award received a printed award to display in their patient care facilities.

“This award is a small but meaningful token of appreciation for the skill, expertise, and value that these facilities bring to the veterans they serve,” continued Kessler. “We are proud to highlight their unwavering dedication to the distinguished veterans they treat and their ongoing commitment to our nation’s armed forces.”
